Basic Content Slide

This is a standard content slide with the UConn theme.

- First point with **bold text**
- Second point with **accent text** (red + bold)
- Third point with emphasis text (red only)

Alert text stands out like this.

Two-Column Layout

Left Column

- Supports standard Beamer columns
- Works well for text vs. figure layouts

Right Column

1. Numbered items
2. Also supported
3. With UConn styling

Block Styles

Standard Block

Navy header with light gray body. Used for definitions or key points.

Alert Block

Red header with light gray body. Used for warnings or important observations.

Example Block

Lighter navy header. Used for examples or demonstrations.

Custom Box Environments

The Challenge:
- Describe the problem
- Highlight constraints

Solution:
- Describe your approach
- Show the key insight

Custom `challengebox` and `keyideabox` environments accept an optional title argument.
Tables

Method	Accuracy	Speed	Cost
Baseline	85.2%	Slow	Low
Ours	**94.1%**	Fast	Low
Oracle	96.0%	N/A	High

TikZ Diagrams

TikZ libraries are pre-loaded: `shapes.geometric`, `arrows.meta`, `positioning`, `decorations.pathreplacing`.

Step-by-Step Animations

Content appears incrementally:

- This is always visible

Step-by-Step Animations

Content appears incrementally:

- This is always visible
- This appears on click

Step-by-Step Animations

Content appears incrementally:

- This is always visible
- This appears on click
- And this appears on the next click

Revealed!

Use \onslide<n-> to control when content appears.

Thank You!
